

U. S. DELEGATION WON'T SAIL UNTIL GERMANS SIGN

Situation in Regard to the
Protocol Causes a Change
in Its Plans.

PARIS, Dec. 2.—The American delegation to the peace conference, which was to have sailed from Brest for the United States on Dec. 4, has postponed its departure.

It is learned from a high authority that the change in the plans of the delegation are due to the failure of the Germans to sign the protocol ratifying the peace treaty.

It is pointed out that if the treaty is not ratified the situation between Germany and the United States as well as the other Allied and Associated Powers goes back to the status created by the armistice.

Hence the United States is still quite as much interested in its associates of the Allied Powers, despite the fact that the Senate has not ratified the treaty.

Whatever the date which the American delegation may decide upon for leaving France, it was affirmed today on excellent authority that such arrangements will be made for the representation of the United States in the further negotiations that Germany will find all the Allied and Associated Powers working together to resist any effort on her part to avoid making the peace effective according to the terms of the treaty.

Spotlights to shine upon traffic policemen after dusk will be set up in East Orange, N. J., at Harrison Street and Central Avenue, at South Street and Central Avenue and at other corners by Chief of Police O'Neill so that automobiles may see the policemen from a distance. The city's streets are lighted with gas, and, as a result of imperfect illumination at these corners, the policemen's signals often are seen with difficulty.
